South Asia**PRAY!****SOUTH ASIA****REACH OUT!****Overview:**

Variety is the spice of life, and there is certainly much variety in the world's spiciest region, South Asia. In these 7 countries live almost 3,000 least-reached people groups! Islam controls the hearts of many of the peoples of Bangladesh. Buddhism was born in India, spread to Nepal, China, Bhutan, and Southeast Asia but it was embraced mainly in East Asia. Hinduism, that diverse cluster of traditional religions, has close to a billion adherents in India and Nepal. The high caste Brahmins may be harder to reach for Christ than any Muslim people, while lower caste peoples turn to Him by the thousands. Some of the peoples of southern and northeastern India are Christian, but only two percent of that great nation have embraced Christ. Over 920 million people in over 2,000 people groups remain to be reached in India alone! Christians from these nations are making heroic efforts to reach this region for Christ and God is at work. But a truly great challenge remains!
