NORTH AMERICA & CARIBBEAN

Overview:

The 29 countries in North America and the Caribbean include three of the largest countries of the world: Canada, USA and Greenland. Communities from every ethnic group in Europe have settled in the Americas. It is probably the region with the least religious discrimination and it has been the largest sending base in the world for missionaries but that is rapidly changing. Ninety-five least-reached people groups remain here. Canada has the largest percent of population that is least-reached with 4.7% in 16 groups (over 1.5 million people) but the United States has the largest population of least-reached people at over 7.4 million in 59 people groups. If the gospel is not sent, sometimes people come to hear the gospel in a land where churches are plentiful. This could be the legacy of North American Christianity. Students, immigrant communities, and indigenous peoples remain a challenge for the gospel in this the world's wealthiest continent and the economic engine on which the world's economy depends for growth. Less than 15% of international students in the US today are touched by any Christian ministry. In addition, 70% will never see the inside of an American home and 80% will never have a Christian friend. And, it's ironic that American churches pray for Muslim countries but do very little to reach Muslims in their own communities. Pray for re-energizing the Body of Christ in North American and the Caribbean to come alongside the rapidly emerging harvest forces from China, Russia, Latin America, India, Africa, and other places…peoples joining together to glorify God among all peoples.
